**Subject:** Re: UWIA - Update

Hello everyone, hope all is safe and well. We are about 2/3's done with our prewire washing. We probably have another 2.5 to 3 weeks left. The trees are slowing us down due to leaf/fruit drop. See photos attached. Homeless in not in our way and not as "visible" as last month. We are continuing to follow our cleaning and washing schedule. We have noticed some increase in food stains around the restaurant patio areas, but no permanent staining. If there is any feedback I would love to hear it. Have a good weekend everyone, stay safe. Tyson Smith, Coastal Landscape Services, 310-613-3353

## **UWIA – Sidewalk Operations Committee Progress Report - 2020**
